#AGC26

With great pride I want to thank all the schools that attended and made the 2026 African Gaming Championship a massive success. The event, students skills and experience has continued to grow since 2024 into the largest esports LAN tournament in Africa. The full results are contained in this report as well as our three R60 000 winners for the bursary to North-West University.

The students are noticably putting up a challenge in the all ages division. I would like to highlight that the top 4 EA FC players consisted of 3 under 18s. The 4th place in Rocket League and 8th place in Fortnite Trios were also high school teams. I am extremely proud that consistent inter-school competitions and infrastructure is closing the gap and increasing the overall skill of our nation.

-Adam "XDayaDX" Thomas-James

Total schools 40+*

Total students 268

*several students entered under regional community centres instead of schools

ROCKET LEAGUE

YOU'LL NEVER
CATCH UP

ALL GAS
NO BRAKES

Thank you for your kind words.

Herzlia

Thank you for running such a fantastic league and for going above and beyond for our pupils. The ASL and AGC remain THE absolute highlights of the year for our ESports Teams, and we look forward to coming back even stronger next year! Take care and keep up the incredible work you do for schools.

Kerry-Ann van der Merwe

Hoërskool Bellville

AGC shows how ALIVE our GAMING COMMUNITY truly is. 2026 was our third time - without a doubt the PEAK annual experience!!! We love what these gamers are cooking!!!

Andrew McDonald

Christel House

Through these opportunities, we have uncovered incredible talent within our school, with several learners proving they have the skill, determination, and potential to excel at the highest levels of esports. We are deeply grateful to ACER for their commitment to our students and look forward to strengthening this relationship in the years ahead. Our hope is that, with continued support and exposure, one of our learners will one day reach the big leagues and make their mark on the global Esports stage.

Beverley Esterhuizen
